## WORK EXPERIENCE

### Vibe HCM

Saskatoon, SK

---

**Product Architect**, March 2017 – January 2019

*Worked as a software developer of an agile team, developed and implemented custom Vibe HCM Human Capital Management software modules for clients.*

- Contributed to all phases of the implementation project from business requirements analysis, coding, system integration, testing to UAT/Production support; successfully delivered Vibe HCM products for 6 clients.
- Collaborated with Business Analyst to gather and translate business requirements into technical specifications.
- Ensured the success of software implementation by performing code reviews and resolving QA issues.
- Analyzed program performance and reduced operating time of the data conversion and loading program by 50%.
- **Development Platform:** Java, PL/SQL, JavaScript, JQuery, XSLT, Oracle DB

**Developer Analyst**, March 2014 – February 2017

*As a technical resource, provided in-depth technical expertise and analysis supporting Vibe HCM customer base.*

- Analyzed, tested and debugged existing programs and developed application patches.
- Provided support in a timely manner and informed customers on resolution progress; Efforts resulted in continuous high customer satisfaction.

### SaskTel

Regina, SK

---

**Programmer Analyst (CO-OP)**, May 2012 – April 2013

- Collaborated with team members to develop a business order processing system for New Saskatchewan Area Code project; Awarded SaskTel Gold Level Alex Award (Employee) on recognition of significant contributions to project success.
- Improved operating efficiency of the existing business order processing system by up to 20%.
- **Development Platform:** COBOL, JCL, IBM Mainframe

### University of Saskatchewan

Saskatoon, SK

---

**Research Assistant**, May 2011 – August 2011

- Developed an application which tracks and tests accuracy of Wi-Fi localization in mobile phones.
- **Development Platform:** C#, SQL Server

---

## EDUCATION

### University of Saskatchewan

Saskatoon, SK

B.Sc. Honours in Computer Science, 2014
